

# Medicor HOT TIP! – Flu Resources

6/25/2009 10:18 AM

SPOKANE COUNTY MEDICAL SOCIETY

Medicor HOT TIP!-Spokane County Medical Society

## To All Medicor Registered Users

According to the Centers for Disease Control and Prevention, every year 5% to 20% of the US population gets the flu, more than 200,000 people are hospitalized from flu complications, and about 36,000 people die from influenza. Medicor has recently added a subject category called Flu (Influenza) with a wealth of information on risk, symptoms and prevention.

## Here's How To Find It

After logging in to Medicor, find the new Flu (Influenza) category under **Find Resource>Category**, or simply [click here](#) (requires login)

Please let us know if you have Web sites you would like added to Medicor.

As always, please call or email if you need help, have a question, or would like to schedule a personal training session.
