

Medicor HOT TIP!

7/30/2009 2:08 PM

SPOKANE COUNTY MEDICAL SOCIETY

[Medicor Home Page](#)

[Medicor Help Page](#)

[Physician's ToolKit](#)

[Virtual Reference Shelf](#)

To All Medicor Registered Users

We've added a custom search engine to help you **quickly find authoritative and trusted patient education information**. The Consumer Health and Patient Education Information Search Engine is courtesy of David Rothman at davidrothman.net

Here's How To Find It

Go to the Medicor home page at <http://spcmsmedicor.org>

Click the PATIENT ED icon listed under Quick Point-of-Care Reference Tools. The Consumer Health and Patient Education Information Search Engine can help you quickly locate authoritative and trusted consumer health information and patient education resources recommended by the U.S. [National Library of Medicine](#) and/or by [CAPHIS](#) (the Consumer and Patient Health Information Section of the Medical Library Association). Simply enter your search term, then choose from a list of available authoritative resources such as the Mayo Clinic, MedlinePlus, or MedicineNet.com.

As always, please call or email me if you need help, have a question, or would like to schedule a personal training session. For more HOT TIPS! go to: <http://spcmsmedicor.org/new/help.html> or check out the new Medicor User Twitter feed at <https://twitter.com/MedicorUser>
